Wildflower Bunch Garden Club

Who are we?

We are an active group of men and women who love gardens and gardening. Collectively we have a broad range of experiences and expertise using native materials to preserve and protect our natural woodland environment.

What is our charter?

Preserving and protecting the integrity of our natural mountain environment and its native flora; providing educative programs and experiences; promoting conservation of our natural resources; enhancing the beauty of our community; providing philanthropic gifts to Big Canoe and the area; and having fun meeting these objectives.

All Wildflower Bunch general meetings are on the first Wednesday of the month, March-June and August-December, beginning at 10:00 a.m.

Other activities and events, as well the programs for our general meetings, will be published in our annual club brochure and posted throughout the year on our bulletin board in the postal facility, on our website (<http://wildflowerbunch.com/>), and our Facebook group (Big Canoe Wildflower Bunch).
